ABOUT ME

I am a motivated Full Stack Web Developer trainee with a strong foundation in Python and core web technologies including HTML, CSS, and JavaScript. Currently training through Brototype while actively self-learning, I focus on building practical skills through hands-on projects and continuous practice. I am passionate about web development, problem-solving, and writing clean, efficient code. My goal is to become a job-ready full stack developer and contribute effectively to real-world development teams.
